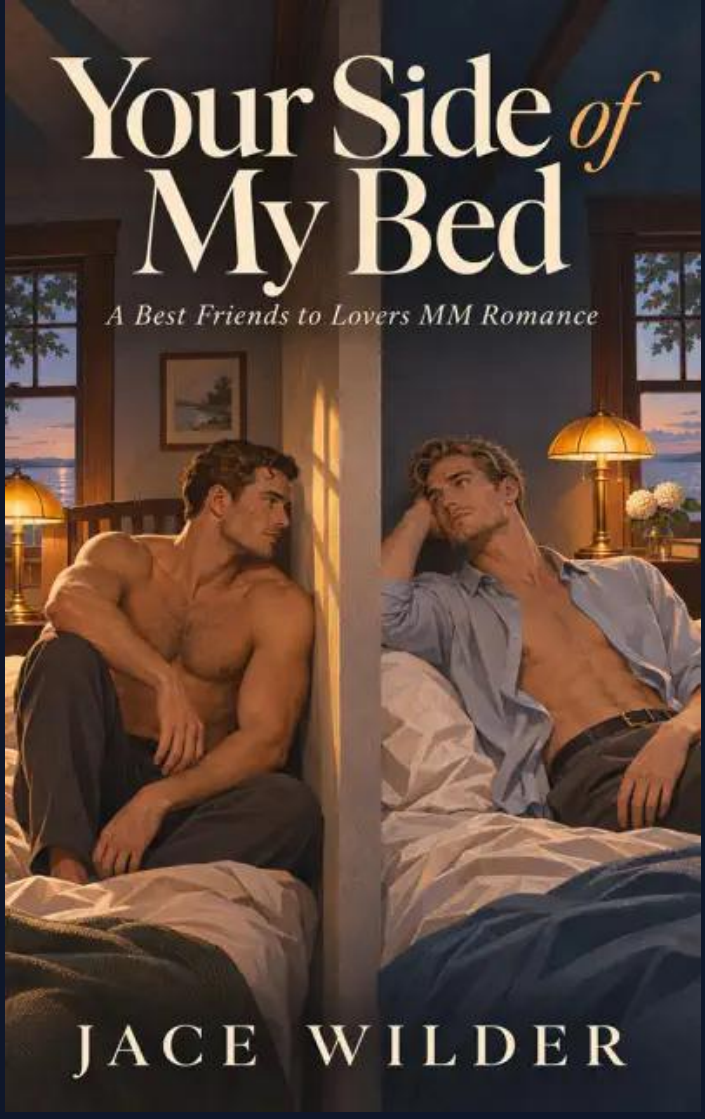
Your Side *of* My Bed

A Best Friends to Lovers MM Romance



JACE WILDER

Your Side of My Bed

by **Jace Wilder**

BOOK DESCRIPTION

Eleven years of friendship. Four weeks under one roof. One very thin wall between their beds.

Orson Pike has spent eleven years loving his straight best friend. Quietly. Hopelessly. Without ever saying a word.

He's done being the man who drops everything whenever Reid Halloran calls. He's finally building a life of his own—expanding his furniture restoration business, making new friends, and even dating someone who might actually want him back.

Then Reid needs a place to stay.

Four weeks. Separate bedrooms. A move-out date written in pen. Orson has rules, and he's determined to stick to them.

Unfortunately, the walls are paper-thin.

Reid Halloran is a civil engineer. He understands foundations, load-bearing walls, and exactly how much pressure a structure can take before it gives. What he doesn't understand is why seeing Orson with another man

suddenly makes him want to tear something apart.

Or why his best friend's smile has started stealing his breath.

Or why lying awake on the other side of their shared bedroom wall is driving him absolutely insane.

One kiss changes everything. But eleven years of unspoken feelings don't disappear overnight, and falling into bed together is a lot easier than figuring out how to build a future.

Because Orson refuses to be someone's experiment. And Reid has to prove he's choosing the man he loves—not just the easiest place to call home.

Your Side of My Bed is a steamy, heartfelt MM contemporary romance featuring best friends to lovers, forced proximity, bisexual awakening, years of mutual pining, sharp banter, plenty of heat, and a hard-won happily ever after.

Standalone romance. No cliffhanger. Guaranteed HEA.
