BOOK DESCRIPTION

Welcome to Beauty and the Beast Romance-themed boxed set! Read in KINDLE UNLIMITED!!

A whole lot of Beauty... and even more Beast awaits!

Beauty isn't always found in a perfect face... sometimes it's hidden behind scars, shadows, and broken souls.

These unforgettable heroes have been shaped by tragedy, burdened by secrets, or convinced they're beyond saving. The women who love them see something no one else can—the honorable men beneath the scars.

Whether they're hardened warriors, reclusive lords, feared nobles, or men carrying wounds that run far deeper than the eye can see, each believes love belongs to someone else.

They couldn't be more wrong.

Lose yourself in a collection of sweeping romances where compassion melts icy hearts, unlikely love conquers impossible odds, and every beast finally finds the beauty

who was destined to love him.
