Knotted by the Polar Bear

by **Amara Bonds**

BOOK DESCRIPTION

Do not call him a Santa Bear! And if anyone approaches with a ridiculous red cap, they had better run far and fast.

Except... Her! What is that delicious smell? His mate is here. His parents marshall the parade in Holly Jolly town. Located, of course, at the North Pole. They force him every year to at least make an appearance and go.

For the first time in forever, he has a reason to stay....

Full blurb coming soon!

Tis the season to be claimed! Knotted For The Holidays is a multi-author omegaverse romance series where the alphas are epic, the heat is inconvenient, and the happily-ever-afters are filthy. Each book is a standalone. No cliffhangers. Just big alphas, overwhelmed omegas, and a whole lot of knotting.
