BOOK DESCRIPTION

A BROKEN CAPTAIN

THE SECRET THAT BINDS THEM

Savi

Knox Stone is the one man I hate to want.

He’s moody…

Controlling…

Goes out of his way to make my life miserable when we’re together.

He also saved me that night.

He’s the only one who knows my darkest secret.

The one person my body feels safe with and craves.

The only one who can set me free from the monster who still haunts me.

Knox

Savi Montgomery has always been the one light in my constant darkness.

She's my best friend's younger sister.

The one girl I want, but can never have.

Hating me is safer than believing I can give her more.

She may think I'm her savior, but all I do is destroy.

One touch from her and I lose all control.

She makes me feel less broken...

Less shattered...

Now that I've got a taste of her, I don't think I have the strength to let her go.

When I agree to help her break free of her past, I never expect to be set free from mine.

*Shattered is book one in The Bayside Bolts Series. It is an interconnected standalone.
