Daddy's Care

by **Laylah Roberts**

BOOK DESCRIPTION

How did she end up locked away in a secure compound with a frustrating, gorgeous, bossy, sexy man?

Well, it had all started with her marrying a guy she'd only known for a few hours.

And things had gone downhill from there . . .

Now, Monroe is in a different country, far from her sisters, and under the protection of a man who is charming.

To everyone but her.

With her, he's a controlling, commanding tyrant.

Ralen is intrigued by Monroe.

She's beautiful, sweet, and very impulsive.

What she needs is a minder. And, luckily, he's the guy for the job.

But does she realize that she also needs a Daddy?
