Mated to My Hated

by **Celeste King**

BOOK DESCRIPTION

I hated her on sight.

She walked into my stables like she already owned them.

One look at her and my beasts calmed.

One look at her and something in me fractured.

The way Azhrael lowered his head for her touch.

The way my control started slipping every damn time she was near.

I pushed her away.

I reassigned her.

I told myself she was nothing.

But my body remembers something my mind doesn't.

I start to crave her. Her fire. Her hatred for me.

And it becomes impossible to ignore how much she wants me too.

Neither of us realize the secrets that our minds have been forced to keep.

But I do know one thing: she’s mine.

She was taken from me once.

I’ll burn down everything to keep her this time.

Read on for fated mate bonds, possessive beast master obsession, and a demon who almost died to protect what’s his. HEA Guaranteed!
