WREN SHAW

Marriage & Mockery

by **Wren Shaw**

BOOK DESCRIPTION

He turned his wife’s quirks into the punchline of America’s favorite sitcom.

Laina Parker thought she had the perfect marriage. Until her husband thanked her on stage for inspiring the chaotic, ridiculed main character of his hit show.

His speech went viral, making headlines and sparking memes. Even worse, their daughter thought he was right.

Devastated, Laina walks out. But Bennett refuses to lose the woman he adores. He’ll grovel and prove that every “flaw” he turned into jokes was actually what he loves most about his wife.
