Forgotten Vows

by **M. James**

BOOK DESCRIPTION

He vowed he would never leave me. But he was left with no other choice.

On my eighteenth birthday, I committed the worst sin a mafia princess could.

I fell in love with a nobody—the son of a man who worked for my father—and I gave him my innocence. For a mafia princess destined for a political marriage, there was no greater betrayal.

To save my life, he claimed he took it by force. And when I helped him escape, he promised he'd come back for me.

But it's been ten years.

Now he's no longer the sweet boy I loved. He's been forged by blood and violence into a mafia boss in his own right, and he's come to take me back because he believes I was always meant to be his.

And he's right.

But it's more than just the two of us now.

We have a son.

And I'll do anything to make sure my child doesn't suffer the way he did.

Even if it means giving up the only man I've ever loved.

I haven't forgotten our vows. I just don't know if I can live with the way he plans to keep them.
