BOOK DESCRIPTION

When I was seventeen, I escaped from the cult I was raised in.

Too bad freedom doesn't equal safety. Not only are they still hunting me ten years later, but they did something to me there. Left me with a kind of... craving. One I haven't been able to shake no matter how far and how fast I run.

Until I meet them. The sinfully attractive Vesceris brothers. Three identical men who light up my tarnished soul in very different ways. There's something inhuman about their tenacity in pursuing me, and it doesn't take long to figure out the truth.

The Vesceris brothers aren't human.

And as it turns out? Neither am I.

It's not the plot twist I was hoping for given my already messed up existence, but I'm nothing if not a survivor. In a different life, I might even consider a relationship with one of the brothers. Or all three of them.

But I don’t do relationships. I do ten minutes in a dark alley with my dress around my hips.

And I’m not the only one with secrets. The closer I get to the brothers, the more questions I have. Can I actually trust these three demons to keep my splintered heart safe? Or will they end up being the ones to consume me in the end?

No pressure, really. It’s only my soul on the line.

Their Splintered Rose is a MFMM dark paranormal rom-com suitable for readers 18+
