Property of The Grump

by **Khloe Summers**

BOOK DESCRIPTION

I almost had her.

She was almost mine.

My little lamb knelt down on a church pew asking for protection.

A shepard is what she needed,

Guidance through the storm.

Instead, I took matters into my own hands.

Instead, I've spent five years in prison, in the name of keeping her safe.

Some call it obsession.

I call it love,

Protection,

God's work.

All I know for fact is, I lost her once.

This time, I’m claiming her for keeps.

Author’s Note: This story features a possessive, obsessive, touch-her-and-die older hero, an age gap, and a forbidden dynamic that gets messy fast. Ultra-high heat, no cheating, no cliffhanger, and a guaranteed HEA.
