BOOK DESCRIPTION

Rosie Johnson's life is perfect.

Hockey. Home. Them.

She belongs to the Blackwater Titans, and that's exactly how she likes it. But when her pack meets their true mate at the rink, Rosie's idyllic life cracks. To keep their world together, the Titans will do anything. Even tear hers apart.

Nothing can get in the way of their playoff run. Not their scent match. Not their rivalry with the Aces.

Not even her.

As Rosie unravels, the cracks grow deeper. Her pack grows harsher.

But their biggest rivals are watching.

And the Aces are playing to win.

A brand new rejected omega duology from the author of The Bonding Trials, All These Broken Parts and The Light in Us.
