Vow of Desire

by **Ivy Davis**

BOOK DESCRIPTION

I was expected to marry him for peace between our families.

What I hadn't been expecting was Matteo Marani himself.

I have lived my life as a spoiled mafia princess.

Everything has gone perfectly in my life.

Until I'm forced to marry Matteo and my life shatters.

He wants me to break while I never want to show any of my imperfections.

I have to stay strong because my new husband is good at tearing down everything I've built.

My safe, gilded cage is opening up and I'm not ready for it.

Matteo can be cold and passionate at the same time.

He's a man I don't know how to predict.

And when I've lived my life full of plans and order, I don't know how to handle a man who breaks all of that down.

I’m either going to stay strong against my husband or I’m going to give in to the very man who terrifies me.

And that’s the scariest thing of all.
