Slow Brew

by **D.G. Holloway**

BOOK DESCRIPTION

Love isn’t like in the movies.

People don’t break down in Hallmark towns.

They don’t get rescued by the local baker.

And even if they did…

He wouldn’t have a steady smile or the world’s greenest eyes.

He definitely wouldn’t be the hottest man they’d ever seen.

He’d never ask them to stay.

There’s no chance they’d say yes.

Because things like that don’t happen in real life.

Until they do.

**Slow Brew is an MM rom-com packed with slow-burn tension and cozy small-town vibes. Fans of workplace romance, age gap, and single guardian tropes won’t want to miss this short and sweet story about one man’s journey to

find his true identity and a place to belong.
