BOOK DESCRIPTION

Dutton “Danger” Stetson is the cowboy you don’t mess with. Single dad. Bull rider. The man everyone calls when things go wrong.

And just when his own life is spiraling, he finds himself fake dating the one woman he should’ve stayed far away from—his brother’s ex.

Winnie Hawthorne was never supposed to be his.

Too sweet. Definitely off-limits. And dangerous in a way he didn’t see coming.

And the longer they pretend, the less it feels like a lie.

But enemies are closing in, and his past isn’t done with him.

His runaway ex is back, threatening everything he built for his son, while a rival ranch is out for blood.

And the one woman he shouldn’t want might be the easiest way to break him.
