BOOK DESCRIPTION

Obsession. Vengeance. Trauma. Love.

Fear made her survive. Obsession made him dangerous.

Eli Montgomery was raised to become a weapon for the Pact—cold, controlled, and loyal only to the empire built on blood. As the organization's feared General, he knows exactly how monsters are created.

And he became one willingly.

Then he meets Zoe Monroe.

Beautiful. Broken. Secretive. A woman with darkness living behind her eyes and revenge stitched into her soul.

She was never supposed to matter to him. But from the moment she walks into his world, Eli's obsession turns vicious.

Protecting her becomes instinct. Touching her becomes addiction. Loving her becomes the one weakness that could destroy everything.

Because Zoe isn't just hiding secrets.

She's hunting the men who ruined her life.

And when her past catches up to her, Eli discovers there's no line he won't cross for her. No law he won't break. No body he won't burn.

Not even if it starts a war.

Now trapped between vengeance, trauma, and a love powerful enough to ruin them both, Zoe and Eli are about to learn the most dangerous truth of all:

Sometimes the person who saves you... becomes the darkest part of your soul.

Abundance of Obsession is a dark mafia romance featuring possessive love, trauma healing, morally gray characters, violent themes, and obsessive devotion.
