BOOK DESCRIPTION

My family dies in a hail of bullets.

I survive.

That was my first mistake.

My second?

Falling into my enemy's bed.

Timur Kuzin is older.

Dangerous.

Feared throughout Russia.

And now he's keeping me prisoner.

I tell myself I hate him.

Until his protection starts feeling like possession.

Until his touch becomes my weakness.

Until his enemies become mine.

But Timur doesn't know who I really am.

And I know a secret capable of destroying everything he loves.

When the truth finally comes out...

Will he save me?

Or finish what he started the night he ruined my life?

Author's Note: A dark and steamy Bratva romance featuring an age-gap hero, enemies-to-lovers, kidnapping, forced proximity, a possessive protector, family betrayal, touch-her-and-die obsession, and enough secrets to bring down an empire.

No cheating. No cliffhanger. Guaranteed HEA.
