BOOK DESCRIPTION

Evicted...

This is the third time I've been evicted, and instead of dealing with the problem, I do what I always do and walk away from it...well, more like fly away to one of my best friend's wedding reception, which is being held at a motorcycle gang's clubhouse. Being surrounded by sexy bikers isn't usually a problem, except I'm not the type to kiss a man once...or twice and walk away.

Though I am the type to forget what I was doing and walk away from most anything, which is why I'm in this predicament. That kiss changed something in me. Maybe it's finally time to start dating.

Fly

I've always known how dangerous a kiss could be, but until her, I didn't know how addictive it could be, either. My brothers and I have enough going on with the club. Getting

distracted by a beautiful woman isn't a good idea right now. If things go wrong, she could get caught up in the crossfire...

Fly's Path is a no spice dark motorcycle club suspenseful romance, featuring steamy kisses with a decided lack of cursing and violence.
