BOOK DESCRIPTION

From author Oona Ryda comes a high-heat Irish mob romance featuring a cult escape, an instant marriage, and a ruthless mobster who claims the girl no one else would save. This is the third book in the O'Rourke Brothers series. Guaranteed HEA.

Prudence has spent her entire life inside a closed religious community where obedience means silence and punishment is love.

She doesn't speak unless spoken to.

She doesn't look men in the eye.

And she knows better than to dream about freedom.

Then Ronan O'Rourke walks into the compound.

The charming Irish mobster is only there on business—until he sees the barefoot girl being dragged toward a whipping post. One look at her quiet terror is enough to snap something dangerous loose inside him.

He doesn't negotiate.

He doesn't ask permission.

He simply takes.

But there's only one way to ensure the girl truly belongs to him.

Marriage.
