Inn Love Again

by **Jody Brettkelly**

BOOK DESCRIPTION

Lights, hammer, action! An enemies-to-lovers romcom set on a renovation reality show, ending in a spectacular grovel.

Tabitha

Never trust the guy who broke your heart... especially when he’s swinging a hammer.

The last person I expect to find renovating my parents’ crumbling Cotswold manner is Tim.

My childhood best. My first almost everything.

The man who told me he loved me— then disappeared the next day.

Now we’re stuck together on a renovation reality show, surrounded by runaway animals, impossible deadlines, and my parents’ latest disaster.

Handsome, confident and far too good with his hands, he's everything I'm trying to forget.

Too bad everyday makes it harder to remember why I hate

him.

For fans of Mhairi McFarlane, Abby Jimenez and Emily Henry
