**BOOK DESCRIPTION**

Good girls shouldn't go into the darkness.

Amber Halloway has spent years trying to ignore its call.

But in Autumn's Hollow, the darkness has always known her name.

The Whispering Pines still sing to her. Nightmares bleed into waking life. And waiting at the heart of it all are the demon twins who were never meant to become her stepbrothers a couple of years ago.

One never left town, standing watch over the old Halloway house and the deadly secrets buried beneath it. The other vanished without a trace, only to return with hell in his eyes and desires as dangerous as the magic coursing through his veins.

Together, they're temptation wrapped in sin—and Amber has never been good at walking away.

When her dormant magic awakens, an ancient evil rises with it, determined to claim the power hidden in her blood.

Hunted by monsters, haunted by prophecy, and torn between two demons who would burn the world to keep her, Amber must decide just how far into the darkness she's willing to fall.

Because in Autumn's Hollow, the darkness doesn't just find you.

It never lets you leave.

Little Witch is book one in the Seasons of Sin series—a collection of interconnected dark paranormal romance standalones set in the cursed town of Autumn's Hollow, where monsters walk among humans, ancient magic lurks beneath the Whispering Pines, and every season brings new sins to uncover.

This book features a dark MFM romance between a sunsine heroine and her demon stepbrothers. Expect grumpy/sunshine, a semi fast burn romance, possessive demon heroes, family secrets, ancient magic, touch her and die, why choose, forced proximity, morally grey characters, and a guaranteed happily ever after.

While each book follows a different FMC and her love interest/s and can be enjoyed as a standalone with a complete ending, the mysteries of Autumn's Hollow continue throughout the series. You can read the books in

any order, but publication order is recommended for the best experience.
