
THE RAMADAN
TABLE
40 Recipes for Iftar, Suhoor & Eid
AMINE HABOUTO

The Ramadan Table

by **Amine Habouto**

BOOK DESCRIPTION

Ramadan is a month of fasting — and, somehow, a month of feasting. This book follows the rhythm of the month: quiet suhoor meals that carry you through the fast, the soups and starters that open every iftar at sunset, generous mains for family and whoever knocks, sweets and mint tea poured high to close the night, and the cookies of Eid al-Fitr. Home cook Amine Habouto shares forty Moroccan recipes written for American kitchens, with make-ahead and freezing notes throughout — because the smart Ramadan cook preps in the morning and rests in the afternoon.
