The Firefighter's Forever

by **Kate Hunt**

BOOK DESCRIPTION

The last time I saw Lucas, we were teenagers.

Now he's walking out of a fire station looking like every fantasy I never knew I had.

I tell myself we're just two old friends catching up.

Then one kiss turns every sensible thought in my head upside down.

For one perfect night, wanting him is the easiest thing in the world.

What happens afterward...

...is anything but.

A short n' steamy romance with a protective firefighter, curvy heroine, childhood best friends, and a hero who's all in from the very beginning. Get your copy today!
