CRAVED By the Kraken Warlord

Craved by the Kraken Warlord

BOOK DESCRIPTION

A storm brought him from the depths.

Now nothing will drag him back without her.

Every year, our village sacrifices one woman to calm the sea.

This year, it's me.

Bound and cast into the waves during the ancient Storm Ritual, I thought I'd drown.

Instead, I'm pulled from the deep by a monstrous warlord with slick, coiled limbs, ink-dark eyes, and a voice that rumbles through my bones.

He doesn't just want me—he craves me.

He says the ritual awakened his mating heat. That I'm the only thing that can cool the fire burning in his blood.

But he doesn't ask. He claims. Touch-starved, primal, and obsessed.

Now I’m trapped in his underwater realm, worshiped like a goddess…

And ruined like a possession.

Craved by the Kraken Warlord is a spicy, standalone monster romance short with mating heat, size kink, tentacles (yes), and a monster who falls hard and fast. No cliffhangers, no cheating—just high heat and a guaranteed HEA.
