BOOK DESCRIPTION

Revenant

Revenant doesn’t understand why he’s still here.

Better men died that day. He asked God why he was spared. God still hasn’t answered. So Revenant carries his guilt quietly, serving as chaplain to his brothers, praying for their safety and offering himself in their place if that’s the price.

God spared him.

Revenant hasn’t decided yet if that was mercy or punishment.

Sunny

Sunny wants the sad, hot biker.

She doesn’t care about his survivor's guilt, his anger at God, or the way he keeps trying to turn her away because she’s his pastor's daughter. He was hers the moment she decided he was, and Sunny has never been good at taking no for an

answer.

When a rival gang crosses the Saints territory, Sunny makes sure it only happens once.

Revenant is hers. Everyone else can burn.
