BOOK DESCRIPTION

When a rogue deceives, a pawn performs.

Anastasia Petrov survived being a pawn for her father and came out the other side. Having moved past the men who used her, she embraces her future as a Bratva Elite, determined to defend those she cares for. Until a hidden part of her past resurfaces, asking for trust when she has none to give. Not to him, nor the feelings he dredges up.

Nero Amato is weighed down by guilt ever since saving the ballerina’s life and condemning another. For years, his demons have drowned him in self-hatred, but when Anastasia returns to his life, he sees a chance to fix the past by breaking down her walls. When trust twists into betrayal, the truth is revealed. She’s not the broken one—he is.

Violent Pawn is the fourth and final book in The Bratva's Elite, a mafia series of interconnected standalones that are best read in order, with a guaranteed HEA and a heat level of 4 out of 5.
