Gray's Surrender

by **Sable Creed**

BOOK DESCRIPTION

Tropes in this book - Biker MC, Single dad, Brothers best friend, forced proximity, touch her and die, protective, forbidden romance, age gap, spicy open door.

Gray’s life belongs to Kingdom Come MC and the daughter he’d kill to protect. Women don’t get close. Not to him, and never to Ruby.

Then Meg Donnelly walks into his house.

She’s Tank’s younger sister, twelve years younger, off-limits, and the first woman Ruby is beginning to love. Gray can survive wanting Meg. He won’t risk his daughter losing her.

Meg has come home to Ransom for good. Helping with Ruby should be simple, but days beneath Gray’s roof turn forbidden attraction into something neither can keep casual.

Then Perdition MC mistakes Gray’s doubts about Kane’s leadership for weakness. When the rival club targets his

home, Meg and Ruby are dragged into the outlaw life he tried to keep outside their door.

Forced behind Kingdom Come's gates, Gray must trust the president he's held at arm's length and prove what his patch means. Protecting Meg is easy. Surrendering to the family forming around him is the real risk.

Gray's Surrender is a steamy single-dad MC romance with a best friend's off-limits sister, twelve-year age gap, forced proximity, protective bikers, and a standalone HEA.
