SAVAGE
DRAGON'S
VIRGIN MATE
A FATED MATE SHIFTER ROMANCE
ALICIA BANKS

Savage Dragon's Virgin Mate

by **Alicia Banks**

BOOK DESCRIPTION

Jakob wasn't looking for a mate, especially a human one, despite what his dragon commanded. Royal duties, ladies at his fingertips, and the bachelor life was all he wanted. Mallory was on holiday with her besties but she has a secret agenda. Falling for the king was not on it.

Jakob

When I saw her hanging off that cliff, I had to wonder if fate put me in the right place at the right time.

My dragon knew her to be our mate instantly but I resisted.

She was human and we could never be.

But then I find myself taking her to all the forbidden places and my desire for her grew stronger than any woman.

But she has a secret that I need to know before it gets her killed.

Mallory

Going on holiday in Onyxheim with the girls was an amazing

idea, especially since my missing sister is potentially there.

I can't tell anyone because I don't need lectures, assistance, or intrusions.

She disappeared two years ago without a trace, and I need answers.

Almost falling off a cliff wasn't planned, nor was falling in love with the king.

I've never been with a man, but all of a sudden, having him see me as a woman is all I can think about.

As the messages about my sister become more sinister, it becomes apparent that Jakob and I are both fighting the same enemy.

Now I have to choose between the man I love and my sister.

Can a dragon king and a human actually be mates? Can Jakob forgive her when he discovers her secret? Will Mallory be able to save her sister before it's too late, or is it all just a ruse to destroy the entire kingdom?
