Cruel Wolf King

by **Ruby Knoxx**

BOOK DESCRIPTION

The Wolf King rejected me. Now he bites me.

He bullied me for being a plus-size Omega. He read from my diary and rejected me.

Now he’s our king and wants to claim me as his fated mate to strengthen his powers.

But he can force me into marriage all he wants. I will never be his.

I’m timid and keep my head down. I know being an Omega puts me at the bottom of the hierarchy.

Until the Wolf King marches into my home and demands I marry him.

I can see the moment he catches my scent and the bond clicks into place.

I back away from him, but he keeps coming toward me, until I’m pinned against the wall.

I vow that I’m not going to let him hurt me the way he did

all those years ago.

He gives me his mating mark and binds me to him anyway.

I try to avoid him, but I know he can smell I'm in heat.

I say he can't control me, but I'm lying. My body has wanted only one thing all along: his knot.

What will the Wolf King say when he finds out I'm carrying his heirs?

The Ashfield Wolf Kings rule with iron fists and alpha knots. Only their fated mates see underneath the fur of the massive beast. And what they find...is total and utter possession and protection.
