Jon's Desert Prince Dream

by **AJ Sherwood, Katie Griffin**

BOOK DESCRIPTION

In book 5 of Jon's Mysteries, Jon has a dream about Donovan being a prince and Jon an enslaved psychic whom Donovan frees and falls in love with. Desert Prince is a telling of that dream.

After being a enslaved for three months, Jon is somewhat resigned to his fate, though he really hopes his new master in the foreign land of Tennoa will be somewhat decent. To his utter surprise, Tennoa not only banned slavery, they also worship psychics as descendants of the gods.

To Jon’s even greater surprise, Donovan, Prince of Tennoa, not only frees Jon immediately but wants to be his anchor–a bonded partner whose entire purpose is to support and care for their psychic.

Jon isn’t sure if he dares return the prince’s feelings, but if he can gather up the courage, maybe a dream can come true.
