BOOK DESCRIPTION

Fresh out of training and still haunted by a near-fatal shootout, Ferd Kincade retreats to Wayside Ranch to heal.

She expects quiet. Instead, she finds a body.

When she discovers a mysterious boat washed ashore on a nearby lake, nothing about the scene makes sense and Ferd can't walk away. Pulling Piper's Ridge detective Duke Campose into the investigation, she soon uncovers signs of something far more dangerous than a simple murder.

Someone is hiding a deadly secret.

And they're willing to kill again to keep it buried.

As the truth points to a ruthless drug operation, Ferd becomes the next target. Now, she'll need every ounce of her training, and a lot of faith, to survive long enough to bring a killer to justice.
